

DEPARTMENT OF EDUCATION OF PORTO RICO
Office of the Commissioner
San Juan

Circular Letter No. 64.

March 5, 1912.

To Supervising Principals.

Gentlemen:-

I have the honor to enclose herewith copy of Circular Letter No. 90 issued by the Director of Sanitation to the sanitary officers of the island under date of March 4, 1912.

This circular determines that in cases where the local health officer is the family physician of the teacher or of the candidate to the teachers' license, the medical examination may be made by the district health officers on the occasion of their visit to the different towns under their jurisdiction. In this way the necessity of a given candidate having to go to some other town for the medical examination will in many cases be avoided.

Very truly yours,

(Signed) Edwin G. Dexter
Commissioner of Education.
